VOICE
Rock'n Dollass

I want to see you

Hey, Lelouch

Back then, we told each other a tremendous amount of lies, didn't we?

Over and over

I remember it
over and over
V O I C E

That Lelouch!
It's Phy. Ed.!
Hey, now!
No,
Today, he
Isn't Lelouch still skipping~?
He's a little worn out today-
Eh?!
Really!?
Ehh!?
He's fine!... I think he just needs the day off.
Ah!
But, uh~
Something this morning?
You look all sweet and dandy!
So?
That's not it!!
Why're you all smiles?

Well,
I'm pretty lucky we're a team~!
Complete Domination!!
Rivalz, you're so soft
Stuuuupid!
...I guess I've loosened up a little..
Rivalz! Suzaku kun!
Good luck~!!

Maybe because it's
spring!

Spring has
come!!!

C-C-C-Calm down!
Yesterday, the room was filthy
So I cleaned a bit
...And...

Unhf.
A-

Why are they all the way over there——!!
Anyway, my clothes!!
Yeah,
my clothes!
B-But why are my clothes
so far away from here!?
They'll wrinkle!!
And Suzaku is even holding me back?!
Just noticed
I-If I walk over and grab my shirt, Suzaku will wake up!
The look on my face must be
unbelieveable!!!

Anyway, my clothes!!
My clothes!!!
I can't stay like this!!
Are those Suzaku's clothes there?!
I've won...!!
I just need to get my arm there
If I move in the slightest
there's the possibility he'll wake up, isn't there?
he's actually heavy, too
All right!!
Morning, Lelouch~...?

..Rurushuu
cuddle
Huh? Lelouch is here..
shiver
shiver
Oh,
my clothes...
YOU-
You're an idiot!
I need to at least put some pants on, so move!

Stop!
Hey
Don't play around
Ahaha!

Uh uhm
Is it really okay for only me to go to school?
.....It can't be helped.
Rurushuu,
Panties!
How unexpected!

I'll be fine in a day.
a-and Nunally-
Yeah, I'll go
tell her you're alright
I left you the key
and some water.
Is your
body okay?
Ah!
About your body
and all that.
and-
but-
uh-
.....Lelouch...
...Thank you.
.....I'm sorry.

Isn't it nice that
Japan has all four seasons, Floyd-san?

Four seasons, huh? I don't care much
But maybe someone else does!
No, actually I'm quite interested!
Did something good happen?
Cecile-san
Look, I tried making Red Bean Rice!
*For special occassions
Eh?
Good work, Suzaku-kun!
...Wow...
It's so vivd...
Did you find some jam-
I put some in, yes-

...Have I
been showing it that much lately?
Suzuku

With the breeze blowing under the sunlight,

If only I could have kept the fragments of those moments
when we would laugh together

Even now

I yearn for them

Well,
I didn't mean it in a bad way.
By food,
you mean the homemade lunch you made me?
Heh?
Are you that happy
for food?
What do you eat all the time?
Eggs with rice, or
...With jam?
...You...
Ah-
But
Eggs with rice are really tasty!
And nutritious!!!
But jam
wasn't my idea.
...I can try to make it if you want
this weekend.

Really!?
...Oh, but
I might suddenly get called for...
That's fine.
...?
I already decided to do it.
Try to read between the lines here.
...What's with that?
...This weekend.
Speaking of which we haven't touched
or kissed
...at all.

I guess it's good
because I don't like school, maybe.
But not a lot
of students come here.
To a garden on the outskirts.
What
is this
Is this where
Am I supposed to close my eyes here?!
Would it be better if I closed them Suzaku?!

Lelouch's eyelashes are sort of long
and he smells good too
No, what if I close my eyes at the wrong time and nothing happens?!
This isn't a joke...not at all!
...Do you
like keeping your eyes open?

Your truth must have been ringing
in a place where no one could hear it.
You're so obstinate and clumsy
You would stay in secrecy
and walked all alone

GOOD GAME KURUKUI!
We lost--
As I thought, your directions are inordinary.
...That team was jusst a trial of your stength.
...But it was pretty fun, wasn't it?
Are you angry about something?
Not really.
It s great that
everyone is starting to accept you.

You really pay attention to him
Aren t you the same, Suzaku-kun?
Lelouch is obstinate, vain
and he's awful at voicing his feelings.
I'm afraid of
...But Kaichou,
exposing the entire truth.
I-
And that makes me worry
However, strangers always expect such a thing from each other
But one needs to take into account time and the situation...
But it may be the scariest thing for two people who know one another.
juuust a little..

But those two contradictions
I guess you could say, are very human
But still,
I think there are voices that can't be heard but want to reach someone
You're
going to carry all of that yourself?

You have no ingredients.

That's the reason for your- eatin- habits...

You...have nothing at your house, so-

I

still can't affirm what your whole self is like.

but, you have another side to you

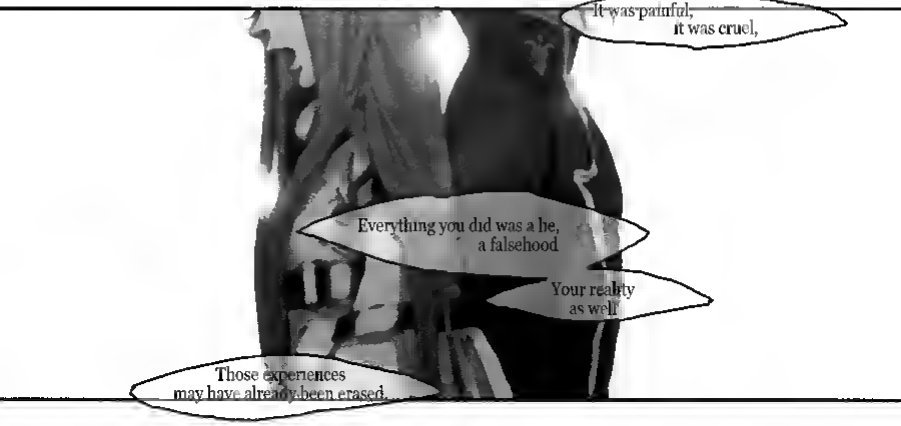
I've faintly noticed your weaknesses, your strengths,

Something must've happened that had changed it all

I want to see
Lelouch
Aren't you right now?
I wonder why I feel so alone
and anxious?
Tell me about
your true self.

"May it become a gentle world."

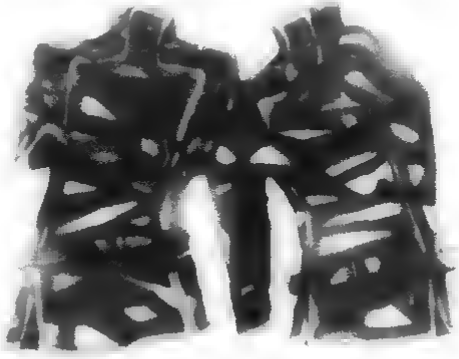
And the next time I opened my eyes, you were no longer there.



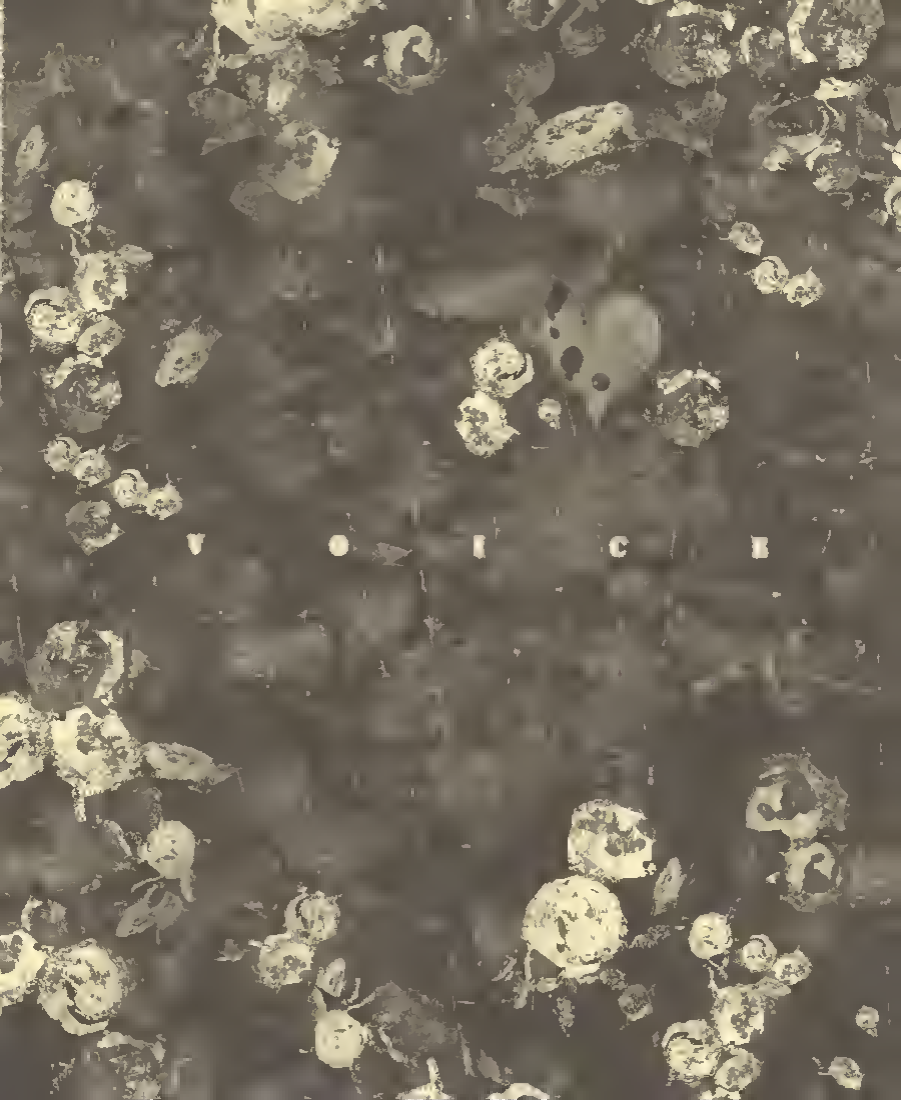
So that's why your voice will surely reach.

Your voice now

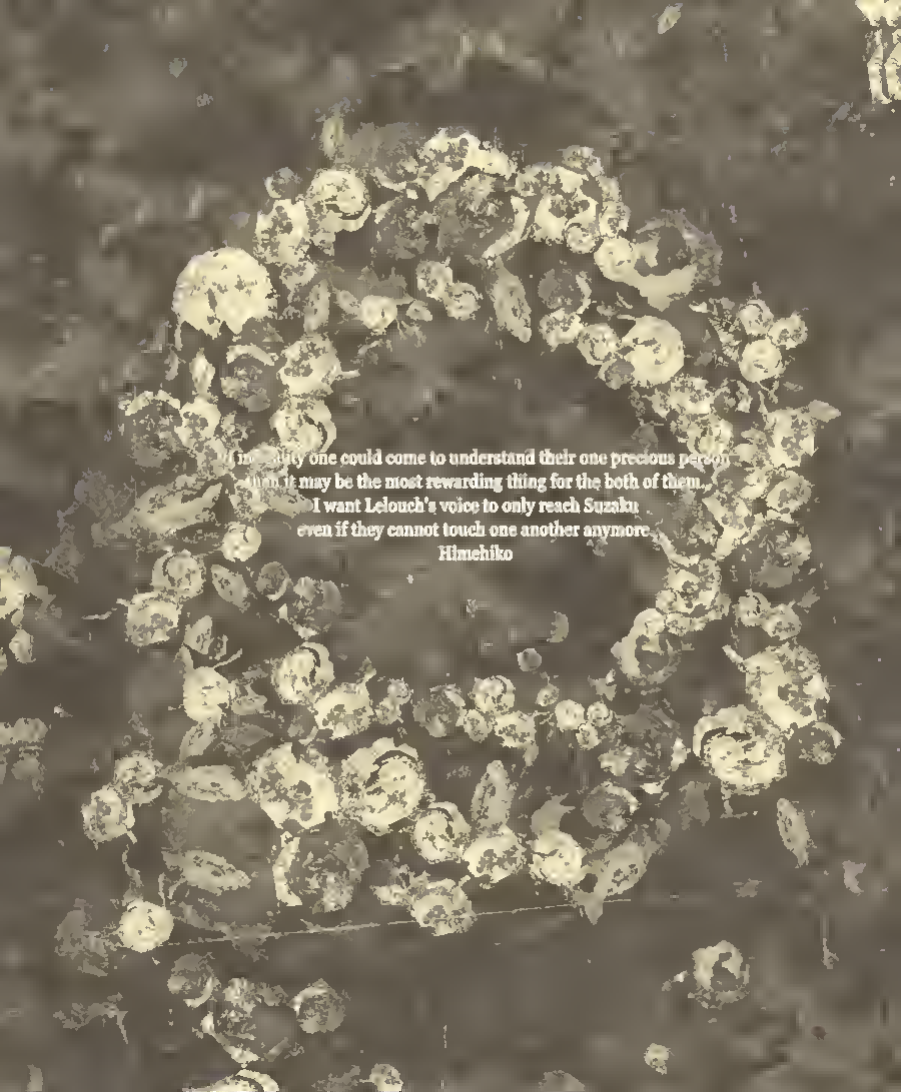
reaches me



End



V O I C E



I'm sure only one could come to understand their one precious person
Even it may be the most rewarding thing for the both of them.
I want Lelouch's voice to only reach Suzaku
even if they cannot touch one another anymore.
Himehiko

I want to see you
